THE MASTERWORK ATELIER

Anne Artist Collective LLC
Hardware for the Ages

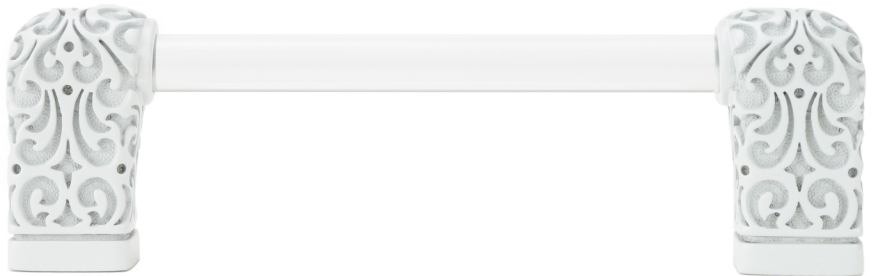

Urban Metro

Cabinet hardware

Urban Metro...A creation by Edgar Berebi. It is an American classic with a strong linear design that complements the modern as well as the traditional.

There are 24 collections available in 9 finishes...all hand crafted, hand polished and hand finished. Each collection has a full suite of sizes to include longer pulls to fit the larger, more dramatic cabinetry yet is still understated in its appearance. Some collections include our new knob-pull that has a low profile but is linear to match the pulls.

We are 100% American made; all designs are copyrighted with the Library of Congress.
